Annex

Letter dated 7 September 1996 from the Minister for Foreign Affairs of Iraq addressed to the President of the Security Council

We refer to our letter of 18 July 1996 addressed to the President of the Security Council (S/1996/586) concerning the violation of Iraq's airspace by the United States U-2 spy plane on the pretext of conducting aerial surveys for the Special Commission.

I should like to inform you that this aircraft, which takes off from Saudi territory, has continued its invasions and penetrations of Iraq's airspace in violation of the country's sovereignty and security. As of the end of August 1996 it had made 317 overflights, for a total flight time of 1,419 hours and 7 minutes, since it began such operations in August 1991.

The facts that have come to light since this aircraft was first brought into use, which are set forth in our aforementioned letter, and the ill repute the aircraft has acquired from its past espionage activities in various parts of the world, make it incumbent upon the United Nations to re-examine the question of the continued coercive use of the aircraft by the United States of America to violate Iraq's airspace in a manner totally incompatible with the purposes and principles of the Charter of the United Nations as they relate to respect for the sovereignty of all Member States.

We condemn these unjustified violations of our airspace and take this opportunity to reaffirm the request we have consistently made in the 112 letters on this matter that we have addressed to the Secretary-General of the United Nations that Iraqi aircraft be used instead of foreign aircraft in the work of the Special Commission in order to exclude any possibility of such aircraft being used for purposes prejudicial to Iraq's sovereignty and security.

I should be grateful if you would have this letter circulated as a document of the Security Council.

(Signed) Mohammed Said AL-SAHAF
Minister for Foreign Affairs
of the Republic of Iraq
